PRESIDENTIAL SCHOLARS AWARDS

PRESIDENTIAL SCHOLARS AWARDS

The UBC Presidential Scholars Award program offers a limited number of prestigious awards available to the most accomplished and promising Canadian citizens and permanent residents who are entering UBC. These awards recognize students who excel academically and who have demonstrated significant leadership achievements.

High school and CEGEP students who are Canadian citizens and permanent residents are eligible to apply. Students considered for the Presidential Scholars Award typically present a minimum grade average of over 93%. More details can be found at: <https://you.ubc.ca/financial-planning/scholarships-awards-canadian-students/presidential-scholars/>

Would you like to be considered for the UBC Presidential Scholars Award?

Yes

Earth and Environmental Sciences

at UBC's **Okanagan Campus**

[Summary](#)[Program info](#)[Your future](#)[Requirements](#)[Visit program website](#)

Explore how the planet works and its deep history, then discover how to deploy that knowledge to benefit society and the environment. You'll study the nature and properties of Earth systems, while learning how to apply scientific knowledge from a broad range of disciplines.

Program information

[Send details](#)

Campus:

Okanagan

Faculty:

Irving K. Barber Faculty of Science

Degree:

Bachelor of Science

Length
4 yrs

Co-op
Yes

Honours
Yes

Develop an understanding of the fundamental natural processes that shape Earth and its environment, and an appreciation of how humans are influencing its future. The Earth and Environmental Sciences program allows you the flexibility to pursue your interests, from the solid earth sciences to the environment. Choose from courses covering mineral resources, water resources, river hydrology, climate and paleo-climate, hydrogeology, land use management, environmental assessment, geochemistry, and other topics. By the time you graduate, you'll have gained skills in experimentation, observation, data collection, laboratory techniques, and spatial data analysis, and learned how to integrate multiple information sources and communicate your conclusions.

As a Bachelor of Science student on UBC's Okanagan campus, you can choose a major, honours, or minor in Earth and Environmental Sciences. Complement your major with a minor in topics such as Biology, Data Science, Environmental Chemistry, or Geography. Or choose courses that meet the academic requirements you need to register as a Professional Geoscientist or Professional Agrologist.

What you will learn

Year 1

Year 2

Year 3

Year 4

- EESC 101 - Environmental Science
- EESC 111 - Earth Science
- EESC 121 - Earth History
- BIOL 116 - Biology for Science Majors I
- MATH 100 - Differential Calculus with Applications to Physical Sciences and Engineering

Basic requirements (if your province is not selected) ▾

We couldn't identify your location. Please select your province or territory from the dropdown menu.

English language requirement

English is the language of instruction at UBC. All prospective students must demonstrate English-language competency prior to admission. There are nine different ways to meet the [English Language Admission Standard](#).

General admission requirements

- Graduation from high school
- Minimum of 70% in Grade 11 or Grade 12 English (or their equivalents)
- At least six academic/non-academic Grade 12 courses (recommended, but not required)

Degree-specific requirements

Deadlines for distributed learning courses

Distributed learning courses are online or distance learning courses offered by a distributed learning provider.

Coursework that is being delivered remotely for COVID-19 safety reasons by your high school are not considered distributed learning or distance learning.

If you have already graduated from a Canadian high school before applying to UBC, you'll find your deadlines for grade submission on our [submit your documents](#) page.

If you're taking distributed learning courses to meet your degree requirements, they must be complete by June 30.

For details on how to submit grades for all of your coursework, including distributed learning courses, visit our [submit your documents](#) page.

A photograph of students studying outdoors on a wooden bench. In the foreground, a woman with long brown hair is smiling and looking at a laptop. Next to her, another woman is gesturing with her hands while talking. In the background, two more students are visible, one with a blue laptop. The setting is a city street with a large stone building in the background.

Write your Personal Profile

The Personal Profile is a crucial section in your UBC application. This is your chance to tell us about the things that are important to you, your significant achievements, what you've learned from your experiences, and the challenges you've overcome. It's our chance to determine whether you're a good fit for UBC and if you'll receive an entrance scholarship.

On this page:
